

Programme

Emerging pollutants in the EU – 10 years of NORMAN in support of environmental policies and regulations

When: **Wednesday 26th October 2016**

Where: **Representation of the State of Saxony-Anhalt to the European Union,
Centre for the Regions, Boulevard Saint Michel 80, B - 1040, Brussels**

The NORMAN Association invites you to celebrate the 10th anniversary of the NORMAN network. This workshop will present the work and vision of NORMAN'S 70+ member organisations and its achievements so far. It will give you the opportunity to contribute to its future roadmap and Europe-wide collaboration on emerging pollutants and policy-making.

09:30 Registration and coffee

Welcome

10:00 Jutta Klasen, Chemical Safety Division, Federal Environment Agency, Germany
Raymond Cointe, General Director of INERIS, France

10:15 NORMAN: the first 10 years – Valeria Dulio, Executive Secretary
of the NORMAN Association

10:30 Session 1: Emerging substances monitoring data and chemicals management in Europe

10:30 The need for a platform on emerging substances - The FP6 NORMAN project
– Philippe Quevauviller, DG HOME

10:45 NORMAN and the Water Framework Directive
– Jorge Rodriguez Romero, DG Environment

11:00 Coffee break

11:30 NORMAN in support of national strategies on emerging substances
– Pierre-Francois Staub, ONEMA, France

11:45 A policy-making perspective on environmental monitoring: the case of biocides
– Eva Dressler, Federal Ministry for the Environment, Nature Conservation,
Building and Nuclear Safety, Germany

12:00 Panel Discussion – Where are we now?

How relevant are current monitoring data for risk assessment of contaminants?
Do we have sufficient data on emerging contaminants in the environment?
How can we foster better cooperation between the science community and
policy-makers when it comes to monitoring data?

Moderator: Jaroslav Slobodnik, Chairman of NORMAN Association

12:45 Lunch and coffee

- 13:30 Session 2: Emerging substances: challenges for the future**
 13:30 Emerging substances in a changing world: vision of NORMAN
 – Kevin Thomas, NIVA, Norway
- 13:45 Universe of chemicals and European prioritisation efforts
 – Stephanie Schaan, DGEEnvironment
- 14:00 Emerging substances in the Danube River Basin: contribution by NORMAN
 – Igor Liska, International Commission for the Protection of the Danube River
- 14:15 Coffee break
- 14:45 Emerging substances in the marine environment: needs and challenges
 – Georg Hanke, DG Joint Research Centre
- 15:00 Horizon scanning: identifying emerging contaminants issues and trends
 – Michael Depledge University of Exeter, UK
- 15:15 Panel Discussion – NORMAN’s way forward**
 What are the pollutants of the future and how can they be assessed and regulated in an anticipatory manner?
 Moderator: Jan Koschorreck, German Environment Agency, UBA
- 15:50 Conclusions and next steps
- 16:00 End of the workshop**

Organisation

Registration

The workshop (including coffee & lunch) is free of charge. Participation is by invitation only.

Venue

Kindly hosted by the Representation of the State of Saxony-Anhalt to the European Union, Centre for the Regions, Boulevard Saint Michel 80, B - 1040, Brussels.

Nearest metro station: «Thieffry» - metro line 5 (direction Hermann Debroux) .

Contact

For further information, please contact:
 Valeria Dulio, INERIS, France
 E-mail: valeria.dulio@ineris.fr

NORMAN, a network of reference laboratories and research centres, is an independent and competent platform in the monitoring of emerging environmental contaminants. NORMAN facilitates an exchange of information, debate and research collaboration at the global level, with the European Commission’s in-house science service.
